

Why Wait

Membership Program

The golfing membership is now full, but....

Your friends can still get in on the savings!

For the month of February you can become a member by paying half of our normal initiation fee, you will begin by being a social member and you will be first on our waitlist to become a full golf member as memberships become available. Those that act fast could have their golfing membership before summer begins.

Note: We must receive your application and initiation fee of \$1,250 in the month of February.

In March the initiation fee returns to \$2,500.

Why Wait?
