

Login Instructions

If you are a member who has never visited our website before, you can create your USER NAME with your account number. But there is a catch—it must be a five digit number. Therefore, if you have a three digit club number—add a zero to the beginning and to the end; if you have a four digit number—just add a zero to the end.

Example: Member Number 325 would be logged in as **03250** or Member number 2405 would be 24050).

You then use the first letter of your name plus your last name as your PASSWORD. (Example: John Doe would be jdoe).

For questions or help call Brenda in the office or email her at brenda@lubbockcc.org.
